BED PAN SANITISER FOR CARE PROVIDERS

*Thinking of you***Electrolux**

European Quality

#DWE502037

ONLY
\$6,859
+ GSTSilverChef Rent-Try-Buy
Weekly rental \$80+GST

CHECK OUT THESE FEATURES

The Electrolux medical line under counter dishwasher is equipped with drain pump, rinse pump, rinse aid dispenser and has a capacity of 12 baskets per hour.

SANITISATION AND PERFORMANCE

*The atmospheric boiler combined with the rinse booster pump, offers perfect rinsing performances in terms of quality, high water temperature and pressure, always at a constant temperature during rinsing cycles and independent from the water pressure of the network. *4 second (variable) pause after washing and before rinsing ensures that no drops of unclean water will fall on the clean items at the end of the rinsing cycle.

*Three wash cycles 300/420/600 seconds. *Thermal disinfection guaranteed thanks to the large 12 litre atmospheric boiler which provides a constant water temperature for the 30 second rinsing cycle. *Double skinned insulated wall ensures a low noise level and a reduction in heat loss from the machine. *Fault auto-diagnosis system. *Supplied with: 1x Bedpan washer / sanitiser rack. *Dimensions (WxDxH mm): 600 x 612 x 850

ARE YOU A WINNER?

Check your Lucky number on your Choice Fridge "ruler" magnet against the 30 listed below and if you have a match then you're a winner!

Prizes for this draw must be claimed by 31/08/2013.

How to collect your prize of a \$200 Grocery Voucher from a choice of Supermarkets:

1. Choose the supermarket you would like from the ones listed on this page i.e. Selection #1,#2,#3

2. Complete the form below

3. Send the form **and** your lucky magnet to:

"Choice Winner"

Choice Catering Equipment Limited

PO Box 51-466

Pakuranga, Auckland

4. When we have verified that the number on your magnet matches the draw we will arrange for the prize to be delivered to you together with your magnet so that you can be in the next draw.

Remember

Check our future flyers for your lucky number.
If you don't have a magnet and want one, Email margaret@choice.co.nz with post details and we will mail you one. (one per customer)

THE PRIZE IS A \$200 GROCERY VOUCHER

THERMOMETERS

**A MUST IN ANY FOOD ESTABLISHMENT
AND A QUALITY THERMOMETER IS ESSENTIAL**

#CHECKTEMP1 Pocket-sized meter with fixed probe, 1 metre cable and with a calibration check. RANGE: -50.0 > 150.0°C. RESOLUTION: 0.1°C

Product Description

The Checktemp®1 is a high accuracy thermometer with a 1 metre flexible cable between the meter and the stainless steel probe. The sharp-tip penetration probe easily penetrates semisolid products such as fruits, vegetables, and cheeses. This probe can also handle liquid, air and measurements in frozen materials. These thermometers utilize a NTC thermistor sensor to measure the temperature. Thermistors make it possible to obtain extremely high accuracy in a very short period of time.

Checktemp®1 makes routine controls fast and simple for both incoming and outgoing goods. Constructed of AISI 316 stainless steel material, this probe is in compliance with food regulations making it an ideal instrument for measuring temperature according to HACCP requirements.

#CHECKTEMP1 **USUALLY \$147 + GST**
SAVE \$37 **NOW ONLY \$110 + GST**

#CHECKTEMP Easy-to-use and accurate meter, with direct stainless steel probe and calibration check. RANGE: -50.0 > 150.0°C. RESOLUTION: 0.1°C

Product Description

If you ever wished that your temperature measurements could be made a little easier, the Checktemp® might just be what you're looking for! The Checktemp® offers high accuracy over a wider range without worrying about breakage or condensation.

The Checktemp® offers NO breakage, NO waste, NO injuries, NO difficulty in reading; not even a parallax error by taking a wrong measurement due to the angle of view!

The sharp-tip probe of the Checktemp® easily penetrates semisolid products, making routine controls simple and quick for both incoming and outgoing goods. Checktemp® is the ideal instrument for measuring temperature according to HACCP requirements.

#CHECKTEMP **USUALLY \$125 + GST**
SAVE \$30 **NOW ONLY \$95 + GST**

The HANNA CAL CHECK® feature has been incorporated into the Checktemp®, and Checktemp®1. Activate the "test" switch and this device will simulate an ice bath of 0.0°C (32.0°F) signal that is displayed on the LCD within a range of $\pm 0.3^\circ\text{C}$ ($\pm 0.5^\circ\text{F}$). This assures the user that the reading is reliable and accurate, every time.

4.6 Ltr S/S TEAPOT
